Do you wish contact with other members? Yes/no if "yes", what method do you prefer? Phone/mail

First of all, many thanks for your interest in the Club. It could be your Club, too, so we'll try to tell you what we can about it in this leaflet.

If you're reading this, we guess that you either own, or are thinking of owning, a Vauxhall Cavalier Mk1, 2, 3, Chevette, Chevanne, Kadett "C", Ascona "B" or "C" or Opel Manta "B" *. So your main concern is keeping it on the road and within your budget. That's where the Club can really help you. We have a range of Club spares, and a network of approved suppliers. Not only that, but we can offer Technical Advice too! The Club is a recognised authority on the Cavalier Mk 1, 2, 3 and Chevette. On top of this, many members are knowledgeable about conversions and modifications to help you get even more from your car. If you want it, from a complete car to an owner's manual, we've got it or know where to get it!

Maybe you have all your spares sorted out and want to enjoy your car with other like-minded enthusiasts. If that's your thing, we're here for you again. We run a full social calendar to suit pretty well every taste. Road runs and rallies are popular with many, as are the local "noggin & natter" meetings.

We pride ourselves on the friendly atmosphere of the Club meetings. Not only is your car welcome to our ranks, whatever its condition, but your family have a place in our events as well. We hold a number of "family-friendly" events in the year, and your passengers have discount entry to some events too.

*By the way, if you have a Holden or Chevrolet version of these cars (or any even rarer GM badge), you are very welcome to join us. We are also open to modified cars based on our standard vehicles.

Lady owner/driver? Not sure if a car club is for you? All we can say is, we have a very high percentage of lady members within the Club. Some have been members for many years, and a

good number have made vital contributions to the Club's running in that time.

Maybe you can't get to meetings for some reason? Well, we have lots of members in this situation. Our highly-rated Club Newsletter is published regularly to keep members in touch. It features News & Views, Event Reports, Workshop Tips, Sales & Wants, and a host of other features.

This is a well-established, democratic Club run by an elected Committee. An AGM is held as a general forum for discussion, but the Committee also meets regularly to discuss members' needs and requests. For this reason, direct contact between Committee and members is encouraged at all times.

We're so proud of the Club's spirit and the loyalty of its members that we have set up a special deal for anyone wanting to join. Far from charging a Joining Fee, there's a sliding scale of membership charges that actually gives you up to 3 months' discount to join as a new member - see our attached form. How's that for value!!!

Need we say more? We think not, but if you would like more information before joining, please contact us:
